PRODUCT INFORMATION:

Brilliant Brand Incandescent rope lights offer an economical solution for your lighting needs. It gives you the ability to create custom accent lighting projects at home or in virtually any lighting situation due to their flexibility and ease of use. They can be safely used indoors or out. Incandescent rope lights can be cut in intervals of 18 inches allowing you to cut multiple pieces or use a single long length. Each spool of amber rope lights come with a selection of accessories for basic lighting projects. There are also many different lighting effects, through use of controllers, which allow you to dim, fade and flash your incandescent rope lights.

BENEFITS:

Affordability - Incandescent rope lights are a more economical choice compared to other LED linear lighting products.

Bend It - Brilliant incandescent rope lights use a premium UV resistant PVC that allows for enhanced flexibility, a tighter bend radius, making them easily adaptable to the most complicated projects.

Colored PVC - Incandescent rope lights regardless of color use clear bulbs and achieve different color outputs by coloring the PVC coating allowing you to see what color the rope lights are whether they are on or off.
