

148' Spools and Custom Cuts

SKU#: NRL-45RGB

CC-N-RGB* (Custom Cut, Specify Length - 52" intervals)

Product Information:

Brilliant Brand 120V LED Neon Rope Lights consist of LEDs encased within a PVC protective casing which is molded into a patented shape. LED Neon Rope Lights offer the easiest and most economical replacement to standard glass neon accents. Because of their extraordinary ability to mimic the consistent lighting effects of glass neon, LED Neon is the best option available to create signage, perimeter accents, or for any other application where glass neon has traditionally been used.

BENEFITS:

- **Durability** - LED neon rope lights are known for their strength and flexibility. LED chips will last longer, hold up in cold weather, and be less prone to failure than traditional glass neon.
- **Energy Efficient** - LEDs produce the same evenly dispersed light as traditional neon at a fraction of the energy usage. You can realize up to 80% energy savings with LED Neon! LED bulbs also last much longer and are much more durable than glass bulbs.

SPECIFICATIONS

LIFETIME: 50,000 Hours

INPUT: 120V AC

POWER CONSUMPTION: 1.46 Watts/ft

LED SPACING: 0.49"

BULB PLACEMENT: Directional

DIMENSIONS: 0.57" W x 1.082" H

MATERIALS: PVC with UV Protectant Additive

TEMPERATURE RATING: -60° F - 150° F

MAX RUN LENGTH: 148 Feet

CUTTING INTERVAL: 52.0"

DIMMABLE: Yes

WARRANTY: 2 Years

WEATHERPROOF DELUXE CONTROLLER

MINI INLINE CONTROLLER

To avoid damaging LED Neon rope lights ensure that any bending or curves have a diameter of greater than 10cm.

Do not bend LED Neon rope lights at sharp angles, this will damage the internal circuitry and void the warranty.

Repeated and continuous bending of LED Neon rope lights may damage the internal circuitry and void the warranty.
