

65 Foot Spool with Controller & RF Remote

Touch Control RF Remote

80 Watt Power Supply

150 Watt Power Supply

### 65' Spool (1x Spool, 1x RGB Controller)

SKU#: PLCRLLH-20RGB

### 65' Spool Bundle (1x Spool, 1x RGB Controller, 1x 80W Power Supply)

SKU#: PLCRLLH-20RGBBUNDLE

### 65' Spool x 2 Bundle (2x Spools, 2x RGB Controllers, 1x 150W Power Supply)

SKU#: PLCRLLH-20RGBBUNDLE2

### PRODUCT INFORMATION:

Brilliant Brand PLC (Power Line Communication) rope lights are an innovative approach to color changing RGB in a standard 1/2 inch rope light form. PLC RGB LED rope lights consist of bright and durable LEDs encased in high quality PVC tubing and can be used in virtually any lighting application due to their extreme versatility. With the included RGB controller with RF remote there are many different lighting effects to choose from as well as the ability to select a custom steady color.

### BENEFITS:

**Durability** - LED rope lights are known for their strength and flexibility. LED bulbs will last longer, hold up in cold weather, and are less prone to failure than incandescent rope lights.

**Bend It** - Brilliant LED rope lights use a premium UV resistant PVC that allows for enhanced flexibility, a tighter bend radius, making them easily adaptable to the most complicated projects.

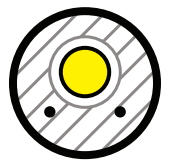

**Efficient Longevity** - LEDs drastically produce more light compared to incandescent, but only uses a fraction of the energy. You can realize up to 80% energy saving and expect a 3-times longer running life with LED rope lights.

### SPECIFICATIONS

- Length: 65 Feet (fixed spool length)
- LED Color: RGB Color Chasing
- Input: 120 Volt
- Output: 66 Volt
- Lifetime: 50,000 Hours
- Power Consumption: Up to 75 Watts, 1.14 Amps
- Cutting Intervals: Non-Cutttable
- CRI/SDCM: Ra >80 Epistar Chip
- Beam Angle: 120°
- Temperature Rating: -20°F - 130°F
- Dimmable: Yes, RGB controller required
- Dimensions: 0.5 Inches Round
- Bulb Placement: Omnidirectional
- Bulb Spacing: 1.96 Inches
- Waterproof Rating: IP65
- Max Run Length: 65 feet
- LEDs/Meter: 20 LEDs/M
- UV Protected: Yes
- Warranty: 2 Years
